### **Lab #5: Comparing Plant and Animal Cells**

**Purpose:**

The purpose of this lab is to... *(Copy the two-part purpose from the lab packet.)*

**Methods and Materials:** See Lab Packet. *(You don't need to copy down all methods and materials! Just write, "See Lab Packet")*

**Analysis Questions:** *(Answer in complete sentences. The questions are listed on the lab packet)*

1.

2.

**Conclusion:** *(Should be at least two large METAL paragraphs. Use the prompt given in the lab packet and your completed graphic organizer to help write the conclusion. The first paragraph is the similarities between plant and animal cells and the second paragraph are the differences. Be specific and support your main idea with evidence from the lab and your science notes.)*
